ACADEMIC PROJECT

CampusHat — Campus-Based Marketplace & E-Commerce Platform
Final Year Project | Daffodil International University | 2025 – 2026
Co-led a full-stack campus marketplace for buying, selling, renting, and service-based transactions within a trusted university environment.

- Led planning, requirement analysis, team coordination, and milestone management
- Designed workflows, user roles, and system architecture for all stakeholders
- Built core features — product listing, buy/sell/rent management, order processing
- Implemented authentication, role-based access control, and admin mechanisms
- Handled database design, API planning, testing, QA, and documentation
- Served as Co-Lead, ensuring delivery through leadership and project ownership

Stack: React.js, Tailwind CSS, Django, DRF, PostgreSQL, Git, GitHub, REST API

LEADERSHIP & EXTRACURRICULAR

- Co-Lead, Final Year Project (CampusHat) — Daffodil International University
- Team Leader, Academic Project Group — Daffodil International University
- Team Leader, Presentation Group — Daffodil International University

CAREER OBJECTIVE

Seeking an entry-level position in banking, administration, operations, management training, or customer service to apply my analytical thinking, communication skills, and project management experience for organizational growth.
